SENATE BILL

No. 449

Introduced by Senator Galgiani

February 21, 2013

~~An act to add Section 14674.5 to the Government Code, relating to state property. An act to add Section 147.3 to the Water Code, relating to water.~~

LEGISLATIVE COUNSEL'S DIGEST

SB 449, as amended, Galgiani. ~~State surplus personal property. Local water supply projects: inventory.~~

Existing law requires that the Department of Water Resources annually prepare and submit to the Legislature a report that includes a description of the progress achieved by the department with regard to meeting the goals of the CALFED Bay-Delta Program and a related implementation schedule. The department also is required annually to prepare and submit to the Legislature a report with regard to the budget for the State Water Resources Development System.

This bill would require the department to conduct a statewide inventory of local regional water supply projects and post specified results of the inventory on the department's Internet Web site by July 1, 2014.

~~Existing law authorizes the Department of General Services to perform various functions with respect to state property and, specifically, authorizes the director of the department, with the consent of the state agency concerned, to permit the sale or exchange of any personal property which belongs to the state, if the director deems it in the best interests of the state.~~

~~This bill would require the department to establish a program to centralize the sale of state surplus personal property using the best available technology, including the Internet. The bill would also require the department to impose an additional charge on each item of state surplus personal property that is sold to recover the department's costs in establishing and administering the program.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
